Proposed Solution/Idea Abstract

GoScheme

Find and apply for government schemes just by **speaking in Tamil or English** — free, with no middleman.

Speak

Answer simple questions by voice, one at a time

Match

See every scheme your family qualifies for, and why

Auto-fill

Profile + document photo (OCR) fill the form

Apply

Review, then get the ready-filled official form

“myScheme tells you, Haqdarshak does it for a fee — we do it free with AI.”

Technology/Tools Planned

USER

Speaks Tamil or English

Photo of document

Reviews & confirms

On the phone — GoScheme app

Flutter · Android

Voice

Speaks each question, listens to the answer, checks confidence

Speech-to-text · flutter_tts

Answer parser

Tamil numbers, "2 lakh", district names → clean values

Dart rules + LLM fallback

Rule engine

Eligible / Maybe / Not eligible because... for each family member

JSON rules (json_logic)

OCR

Reads Aadhaar, ration card, income certificate; photo deleted after

Google ML Kit + Tesseract

Form filler

Fills the official PDF form, or the official portal inside the app

Syncfusion PDF · WebView

Profiles

One profile per family member, masked Aadhaar (last 4 digits)

SQLite + SQLCipher

Personal data is encrypted and stays on the phone

Cloud services

No personal data stored

Bhashini / Google Speech
Tamil speech recognition & voice

LLM API
Only for answers the rules can't parse

Firebase
Scheme catalog updates & push alerts

Output

Filled official PDF
+ list of documents to carry

Official portal, auto-filled
User reviews before submitting

Build & design tools:

Dart

Android Studio

VS Code

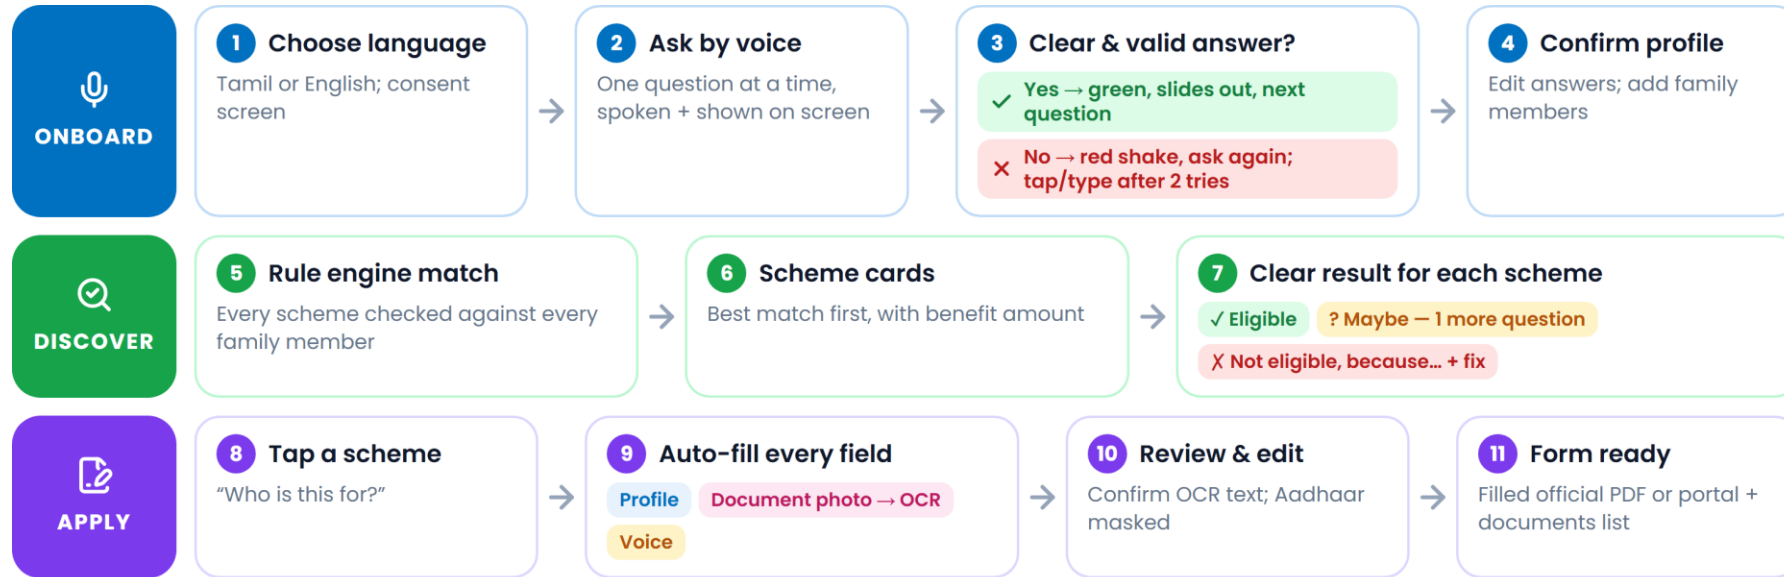

Figma

GitHub

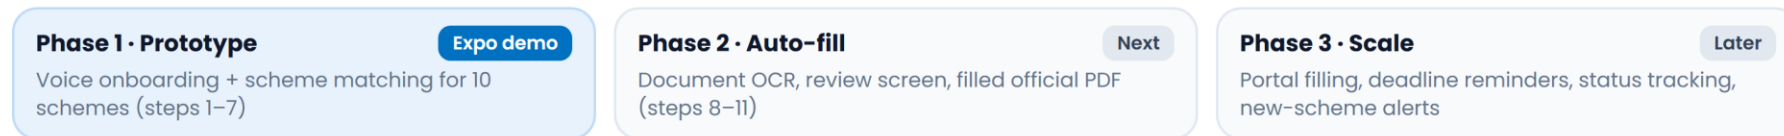

Scheme data: myScheme.gov.in & Tamil Nadu govt websites

Expected Outcome

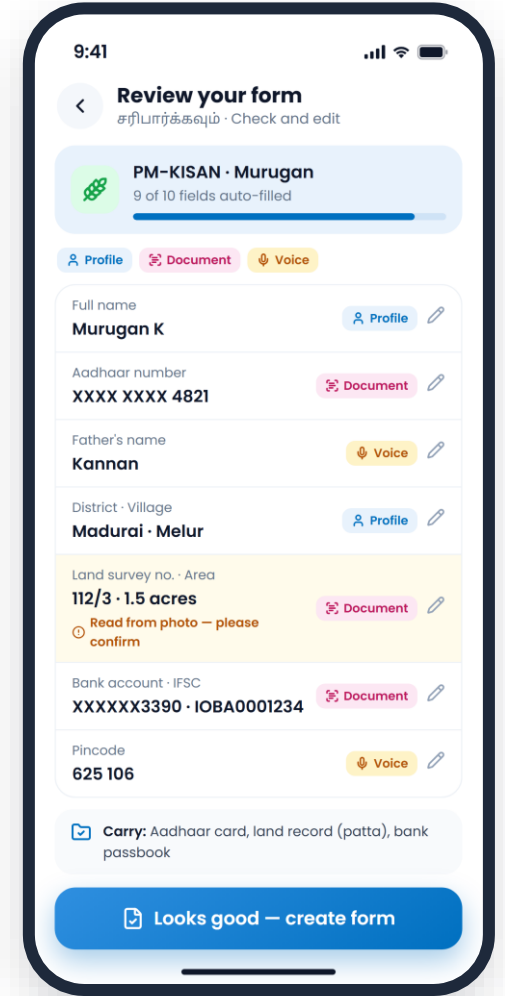

Methodology: how the app works

IMPLEMENTATION PLAN

Expected outcome: anyone can find the schemes their family is eligible for just by speaking, and get a ready-filled official form — free, with no agent.

PROJECT STATUS

FEASIBILITY

Technical
High

Tamil speech, OCR and PDF tools already exist

Scheme data
Medium

Public on myScheme & TN govt sites; needs manual curation

Cost
High

Runs on the phone; free / low-cost cloud tiers

Adoption
Medium

Android phones are common; trust must be earned

CHALLENGES & RISKS → HOW WE OVERCOME THEM

Challenge	Strategy
 Tamil speech errors Accents, noise, Tamil-English mix	→  Confidence check + ask again; answer choices & ranges; tap/type backup
 Scheme rules change No official public API	→  Curated rule catalog, updated from the cloud without an app update; official link on every card
 OCR mistakes Blurry or old documents	→  User confirms every OCR field; unsure fields highlighted; photo retake tips
 Privacy of personal data Aadhaar, income, family	→  Encrypted on the phone; masked Aadhaar; photos deleted; consent screen (DPDP Act 2023)
 Govt portals Captcha, OTP, page changes	→  User solves captcha/OTP; app fills the rest; filled PDF as fallback
 User trust Fear of scams	→  Always free; "Not an official app" disclaimer; never asks for money or OTP

Novelty / Uniqueness

✦ WHAT MAKES US DIFFERENT

Feature	myScheme Govt portal	Jugalbandi WhatsApp bot	Haqdarshak Agent network	GoScheme Our app
 Talk by voice in your language	✗ No	✓ Yes	Via agent	✓ Tamil + English
 Eligibility check	✓ Filters	Info only	✓ Free	✓ + why & fix
 Fills the application form	✗ No	✗ No	Agent + fee	✓ Auto-fill
 Reads documents from a photo	✗ No	✗ No	By agent	✓ OCR
 Free, self-service start to end	Info only	Info only	✗ Fee	✓ Yes

Based on our study of each service's public information (2026).

Also in GoScheme:  Whole-family profiles  "Maybe" + 1 more question

 Deadline reminders  Data stays on phone

🎯 POTENTIAL IMPACT

 Built for everyone who is eligible but unaware

 Farmers  Students  Women  Seniors  Workers

 First-time phone users

₹30,000 per year, in cash **Example family** (farmer, Madurai): 5 schemes found. Cash from PM-KISAN, Magalir Urimai Thogai and Pudhumai Penn, **plus ₹5 lakh** health cover

♥ BENEFITS

Social

Tamil voice opens schemes to low-literacy, elderly and women users

Economic

Unclaimed money reaches families; no agent fees or lost workdays

Environmental

Fewer trips to offices; digital forms mean less paper
